

REMARKS

Applicant respectfully requests reconsideration of this application and consideration of the following remarks.

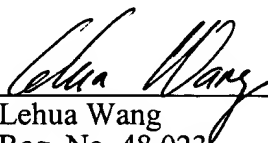

Claims 21-28, 41-48 and 61-74 are pending. The pending claims were rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-17 of U.S. Patent No. 6,633,314 and claims 1-9 of U.S. Patent No. 6,690,403. Applicant respectfully disagrees.

Claims 1-17 of U.S. Patent No. 6,633,314 and claims 1-9 of U.S. Patent No. 6,690,403 do not recite the limitation of a virtual desktop. A graphical desktop environment as a graphical user interface for a user to control a computer is substantially different from a web document. For example, a web browser is typically designed to display a web document but not to display a desktop environment. The pending claims recite the limitation of a virtual desktop, which is not obvious in view of claims 1-17 of U.S. Patent No. 6,633,314 and claims 1-9 of U.S. Patent No. 6,690,403.

Please charge any shortages or credit any overages to Deposit Account No. 02-2666. Furthermore, if an extension is required, Applicant hereby requests such extension.

Respectfully submitted,
